The book for the June 30, 2021 virtual meeting of "Books and (no) Bagels" will be: *The Four Winds* by Kristin Hannah. This epic story of survival during the Great Depression and the Dust Bowl era in history will engage you as a reader from page 1! Elsa, the main character, is a mother who will do anything for her children. She is strong but at the same time vulnerable as she navigates one challenge after another. The story also depicts the extreme conditions of so many people during this time in our country's history and the prejudices they faced in their struggle to survive.
